

all-plastic scale model assembly kit

STROMBECKER

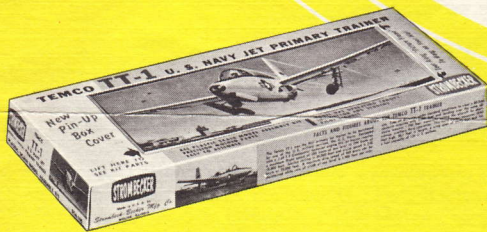

NEWEST

in a great bull's-eye line

TEMCO TT-1
U. S. Navy Jet Primary
TRAINER

UNITED HOBBY DISTRIBUTORS

**DRAMATICALLY PACKAGED
FOR BULL'S-EYE APPEAL**

A thrilling new model . . . in a big, bold, colorful "pin-up" box. Special carton construction prevents loss of parts . . . yet permits viewing of contents! *Hobby dealers long have been looking for pilfer-proof kits like these!* Add this great item to your extensive Strombecker line of "kits that kids care about and want to collect."

Authentic details about the Temco TT-1 Trainer are printed on the colorful carton. The Temco TT-1 was the first primary jet trainer to be purchased by the U.S. Navy.
